1907.

CITY OF LEWISTON

In Board of Mayor and Aldermen, March 18, 1907.

ORDERED, The Common Council concurring, That the Committee on Printing be and is hereby authorized to have printed eight hundred copies of this year's annual reports of the receipts ant expenditures of the last year and included such other reports and public documents as in its judgment it may deem proper, expense of same to be charged to appropriation for printing when made.

Read, passed, and sent down.

ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.

Read twice under suspension of the rules, and passed in concurrence. M. A. SULLIVAN, Clerk.

MAYOR'S ADDRESS.

Gentlemen of the City Council:

You and I have been elected by the citizens of Lewiston to administer its affairs for the ensuing year. The large majorities by which we were so elected are significant. The taxpayers and business men have expressed in no uncertain terms their confidence in us to act wisely and for the best interests of our city. While, of course, it is expected that the subordinate offices of this government should be held by men in political sympathy with the administration, yet the public rightly demand that the officers you elect shall be men of integrity and well fitted to discharge the duties which they are about to assume. This government will expend, probably, about one-third of a million of dollars, the money paid by the citizens and corporations in the form of taxes for the running expenses of the city of Lewiston. They have a right to demand that every dollar of their money be so expended that full value may be received therefor. The public should be satisfied with nothing less. You should be even more careful in the expenditure of the city's money than with your own. In a certain sense this is money held in trust by you and your honor as well as your business judgment is at stake in its expenditure. With these few remarks may I call your attention to some of the different departments of the city.

The following is a statement of the financial affairs for the fiscal year ending March 1st, 1907:—

LIABILITIES

5 per cent. bonds due in 1897 not presented	$ 500.00	
5 per cent. bonds due in 1907 (water bonds)	174,000.00	
4 per cent. bonds due in 1913 (Railroad Bonds)	100,000.00	
5 per cent. bonds due in 1917 (Water Bonds)	200,000.00	
4 per cent. bonds due in 1923 (Railroad Bonds refunded)	100,000.00	
4 per cent. bonds due in 1924 (War Bonds refunded)	80,000.00	
4 per cent. bonds due in 1927 (Water Bonds refunded)	100,000.00	
4 per cent. bonds due in 1930 ($26,000 Water Bonds refunded)	51,000.00	
3½ per cent. bonds due in 1931 (City Building bonds refunded)	185,000.00	
Total bonded debt March 1, 1907	$990,500.00	
Notes outstanding March 1, 1907	273,446.07	
Total Liabilities March 1st 1907		$1,263,946.07

Total Bonds and Notes outstanding March 1st 1906	1,281,489.27	
Total Bonds and Notes outstanding March 1, 1907	1,263,946.07	
Reduction of Bonds and Notes for year ending March 1, 1907	$17,543.20	

RESOURCES

Municipal Sinking Fund, March 1, 1907	239,320.66	
Water Loan Sinking Fund, March 1, 1907	2,048.65	
F. A. Conant, Uncollected Taxes	3,513.16	
J. E. Gagné, Uncollected Taxes	2,388.64	
E. G. Woodside, Uncollected Taxes	13,794.35	
Geo. F. Turner, Uncollected Taxes	593.71	
F. H. Wiggin, Uncollected Taxes	36,046.03	
Tax Deeds in Treasury, March 1, 1907	4,098.86	
Cash in Treasury, March 1, 1907	17,786.26	
Total Resources March 1, 1907		319,590.32
Net Debt March 1, 1907		944,355.75
Net Debt March 1, 1906		962,773.53
Net Debt March 1, 1907		944,355.75
Reduction for the year		$18,417.78

From this statement you will notice that $174,000 of five per cent. water bonds will fall due this year. An act was introduced into this legislature and has been passed authorizing this city to refund these bonds at the rate of four per cent. The credit of the city is exceptionally good and the bonds at the rate of four per cent. should sell at a handsome premium. The saving to the city on its interest account would be seventeen hundred and forty dollars annually. In addition to the statement of the treasurer perhaps it would be well to state that The Union Water Power Company has presented a claim of eigtheen hundred dollars for water which they say the city of Lewiston has used in excess of its contract, and this amount remains unsettled. A contract has been made for the purchase of an open arc machine for the electric lighting station and this machine when installed will cost the city approximately twenty-five hundred dollars, which must be paid by this administration. A short time ago the water board ordered a part of one of the pumps to replace a worn out portion and the expenses attending the purchase and installation of the same will amount to about twenty-two hundred dollars and will have to be paid by this administration. There are unpaid bills which will also have to be provided for—and of course it is expected that some bills will be left over for every incoming administration to pay and no more bills, as far as I am able to learn now, exist than usual. Not-

withstanding the contracts and liabilities, left for this administration to pay, aggregating nearly seven thousand dollars in excess of its own running expenses, I felt confident after an examination of the different departments of the city, that the tax rate could be reduced to 19 mills and the revenue at that rate would be sufficient to properly provide for the running expenses of the city. But something has happened, thru no fault of this municipality, which will render a reduction of the tax rate impossible, and require of each of you a determined effort to keep the tax rate as low as it is now, if indeed it be possible to do so.

Thru the public press and otherwise, it is learned that the governor of this State and certain of the State officials met a day or two ago to discuss the appropriation of the present legislature. It was found that up to March 15th, the legislature had passed acts and resolves which had been signed by the governor calling for the expenditure of $2,459,000.

And that there would be necessary for salaries and fixed charges in addition to this amount the sum of $371,000, making a total thus far of $2,830,000. This amount does not include the heavy appropriation of over $100,000 for the University of Maine, nor does it include the amount for State roads, which it is believed will be approximately $135,000.

Leaving aside these last two proposed appropriations, the amount already appropriated to wit, the sum of $2,830,000, is $325,000 more than the receipts on the part of the State and so the State tax rate must be raised. It is now 2½mills and it is believed that the rate must be at least 3½ mills for the next two years. If the rate is fixed at 3½ mills it will be an increase of 40 per cent. and we will have to raise by taxation upon the people of this city the extra sum more than last year of $14,596. Inasmuch as an increase of $12,000 means an increase in taxes of one mill on the dollar you will realize the task before you of raising that additional sum for the State, yet maintaining your tax rate.

Schools

The schools are doing efficient work and are maintaining the high standard of former years. The change from one to two sessions in the high school seems to give satisfactory results. The preparation of the children of

to-day for the duties of citizenship to-morrow is of the greatest importance. This work is being well done by the teachers in our city. The teachers in the lower grades have requested, thru their committee, that an increase in their salary be provided. The cost of living has increased rapidly and many of them find the present salary entirely inadequate to meet their wants. Of course you have nothing to do with fixing their salaries, that being the province of our school board, but you fix the appropriations for the school board, and in making up your appropriations for the ensuing year give to the matter such careful attention as their request seems to justify.

An act has been introduced into the legislature and will soon become a law, if indeed it has not already done so, whereby the salary of the superintendent of our schools will hereafter be fixed by the school board and not by the city government as formerly. The truant officer after said act becomes a law will also be elected by the school board and no longer by the city government.

Liquor Agency

The affairs of this department have been conducted the past year in such a way as to call forth the criticism of the people irrespective of party. No man can believe that the enormous amount of liquors sold there have been for the legitimate purposes mentioned in the statutes of this State and with regard to that department I have the following recommendations to make:—

First: Tear down the partition between the front and back rooms.

Second: Arrange the barrels containing the liquors in such a way that each one properly labeled shall be in full view of the purchaser when his liquor is drawn therefrom.

Third: See to it that only pure liquors are sold at reasonable prices and only to those persons entitled by law to purchase the same.

Fourth: Put in a cash register and allow no bottled unsealed goods in the agency.

Fifth: Have the liquors tested and account of stock taken once a month.

The Electric Railway

The Lewiston, Brunswick & Bath Street Railway has expended large sums of money during the past year in perfecting its roadbed and furnishing cars of the most

approved pattern for its patrons. And in the proposed extension of its system to Mechanic Falls and to Augusta the result cannot be otherwise than beneficial to the city. While this road is prospering, developing and enjoying the liberal franchise given it to operate its line in this city, it is no more than right that it should grant a three-cent fare to the school children who are obliged to patronize the cars daily. I believe that a strong, determined effort on the part of this government will bring about this result. Then, too, this company is propelling some of its cars along the principal streets at railroad speed, so much so as to menace the safety of travelers upon the highway, and I recommend to you gentlemen that you enact an ordinance so regulating the speed of the electrics in the thickly settled portions of the city, that the traveling public may receive at your hands that security to which they are entitled.

City Building

Much unfavorable comment is made with reference to leasing City Hall for roller skating and polo playing. The noise made is such at times to oblige the city government to adjourn its meetings to the court room below. The hall is damaged by these sports and at the present times the floor is in such condition as to require the outlay of approximately $1000 to place it in proper condition. I believe that this hall should be put in proper shape and should not be used thereafter for either of these sports, but should be kept for the use of the city, its political conventions, social gatherings and such entertainments as will not inflict any injury to the hall or render its occupation a nuisance per se.

Highways

The Board of Public Works has expended this year $58,133.58 and for the following purposes:—

Highways	$39,358.65
Sewers	3,162.86
Permanent walks	1,598.73
Permanent streets and paving	10,913.23
New streets and bridges	3,100.11
	$58,133.58

There is a large amount spent in permanent walks and streets and it is a policy that should be encouraged. An intelligent and methodical construction each year

of such walks and streets will in course of ten or fifteen, beautify the city and make it more attractive for those contemplating its selection as a permanent home.

Fire Department

The city of Lewiston has been proud of its fire department for many years and its record for the past year is one of its best.

There were last year one hundred and fifty-two alarms and the total amount of property destroyed was $23,854.67. I do not believe that there is a more efficient fire department for its size in the State, the engineers are men of large experiences and thoroly familiar with their work, while at their head as chief is a man of unquestionable bravery and of great skill in the handling of fires. The recommendation he makes as to the establishment of fire stations, to wit, one in the vicinity of Frye street, one on lower Lincoln street and one in the vicinity of the Sisters' Hospital, are timely and important. I trust that the board of fire commissioners will carefully consider and give due weight to all of the recommendations made by the chief in his report.

Poor Department

The annual report of the overseers of the poor is prepared at great length and is bristling with facts and information in that department.

The receipts in this department were $31,899.05, expenditures, $31,888.95, balance undrawn, $10.10. The number of persons committed to the Insane Asylum at Augusta the past year is eighteen, being the largest number sent from this city in any one year. The cost of maintaining the city's insane will be about six thousand dollars for the next year. This department has been very efficiently conducted. It is not always easy to distinguish between the unfortunate in need and the imposter well able to work but willing to live in the toil of others. But each applicant meets with kind and courteous treatment and such provision is made as his care warrants. Many of the children instead of being sent to the poor farm are boarded at the Healy Asylum and are there taught the principles of right living, which must be of great value not only to themselves but to the city as well.

Water Board

This department shows up strong in its annual report. The running expenses were two hundred and eighty-four dollars and eighty cents less this year than last and the amounts uncollected this year in accounts due this year is less than the preceding year.

In the year 1905 the amounts uncollected were $1,593-17 in the year 1906 $862.76. Repairs will have to be made on the pumps this year and soon they will have to be thoroly overhauled.

Police Department

This department is well officered and well manned. At present the force consists of experienced men and during the past year very little crime of felonious nature has been committed, mostly misdemeanors. Harmony has prevailed and the city marshal has well maintained the discipline of his force. The men of this department have worked together well and it is owing to their efficient work that crime of the more serious nature has not been committed. To the policeman at night continually on the watch to protect your property and your safety while you sleep, subject always to attack from desperate men, much praise is due. In preserving the peace he is constantly in danger of bodily harm and to the personnel of the Lewiston police force great credit is due.

The city marshal is striving honestly and faithfully to keep his department up to a high standard.

Your work on the committee to which you will be assigned will be of the utmost importance. You have taken your oaths to discharge your duties according to the laws of the State, and the committee work will decide a great deal as to the success or failure of this administration. See to it that no bill presented for payment is O. Ked. unless, in fact, it is absolutely correct. Whenever you see any evidence of the padding of a bill not only see that the bill is not paid but that the person attempting it receive no further consideration at your hands. The campaign is over and a thing of the past, party lines in the discharge of your duties as members of this city government should disappear upon your assumption to office. Let us all bend to our work with a will and in the arduous labors of this approaching municipal year, I am

with you to work to the best of my ability, and now, I shall be pleased to meet you in the rooms of the city government, there to enter upon the discharge of our respective duties.

FRANK A. MOREY, Mayor.

CITY OF LEWISTON

To the Honorable City Council of the City of Lewiston:

Gentlemen: I herewith present a detailed report of the receipts and expenditures, together with the appropriation for the year ending February 28, 1907, a schedule of the City property, and a statement of the resources and liabilities of the City.

I have audited the accounts of the Tax Collectors and the City Liquor Agent, and have credited all the amounts paid into the City Treasury.

Respectfully submitted,

GEO. A. MURPHY,

Auditor of Accounts.

In Board of Mayor and Aldermen, March 18, 1907.
Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.
Report read, accepted, and ordered placed on file in concurrence.

M. A. SULLIVAN, Clerk.

Auditor's Report.

REPORT OF SUPERINTENDENT OF CITY FARM.

To the Honorable Board of Overseers of Poor:

I respectfully submit the following report of the City Farm and Almshouse for the year ending February 28th. 1907.

The general health of the inmates has been excellent during the past year. The number of deaths has been five, the names are as follows:

Mrs. Lizzie Lawlor, died Oct. 3, 1906.
Mr. Peter Mayrand, died Nov. 27 1906.
Mr. John B. Marr, died Dec. 30, 1906.
Mr. T. Tétreault, died Oct. 26 1906.
Mr. John Stanley, died March 21 1906.

There have been two births at the City Farm during this year.

The whole number of inmates present is 64 enjoying excellent health.

The crops have been very good this year.

We had eighty-five tons of hay, 225 bushels of oats, 1,000 bushels of potatoes, 300 bushels of turnips, 100 bushels of beet, 500 bushels of carrots, 700 bushels ear of corn, 50 bushels of beans, 100 tons of ensilage corn, 500 heads of cabbage, 500 bushels of green corn, 12 tons of straw, 50 bushels of green peas, 50 bushels of tomatoes, 6,000 cucumbers, 10 bushels of string beans, 50 bushels of onions, 10,000 bunches of radishes, five in a bunch, 700 head of lettuce, 50 barrels of apples, 667 cakes of ice, no cost to the City, 5 tons of squash, 10 tons of pumpkins.

Improvements of the Farm

1 new cart body, 8 whiffle trees, 1 curry comb and brush, 1 horse, 2 wood saws, 2 water closets, 1 floor in the chapel, 1 pump, 18 beds, 1 muff, 1 stair carpet, 1 hallway carpet, 1 parlor carpet, 1 sitting room carpet, 1 bed room carpet, 3 new lanterns, 24 water pails, 3 horse blankets, 3 locks, 3 acres of new land ready for hay, 38 acres of land ploughed ready for spring, 200 loads of gravel for repairing city roads, 11,000 loads of dressing, 600 loads of dressing from cotton waste that was hauled from

the city. The road from the City Farm has been kept in good order without any expense to the City, we have also, 150 cords of fitted wood and 50 cords not fitted, 2,500 feet pine and hard boards, 500 feet hard wood planks.

The receipts to the City this year are $1,075.67.

I, also wish to thank the Mayor and aldermen for their kindness and Mrs. Mitchell, she has been very good in giving clothes for the poor here and also Mr. G. W. Bean, Agent of the Androscoggin Mill for his courtesy for use of the cotton waste to no expense to the City and I also wish to thank Mr. P. J. Cronin, Overseer of the Poor for his good advice. He came often and saw the inmates and always was kind to everyone of them, and thanks also to City Marshal Cailler who never failed to give help when asked for it.

Many thanks to Dr. Baribault and Dr. Marcotte and once more thank you all.

CYRILLE LABRANCHE,
Supt. of City Farm.

In Board of Mayor and Aldermen, March 18, 1907.
Report read, accepted, and ordered placed on file.
ALBERT D. MORNEAU, City Clerk.

Report, read, accepted, and ordered placed on file in concurrence. M. A. SULLIVAN, Clerk.

ANNUAL REPORT OF THE OVERSEERS OF THE POOR

Office of Overseer of Poor

To the Honorable Mayor and City Council:

Lewiston, Me. Feb. 28, 1907.

Gentlemen:—The annual report for the year ending with the above date is hereby submitted to you in accordance with our usual custom and agreable to the City ordinances.

Herein will be found a statement of receipts and the monthly expenditures of this department, a record of the number of persons and famillies that have been helped, the cost of supporting the insane patients at Augusta, board of children at Healy Asylum and at the Hospital Annex, board of old soldiers, cost of maintaining the outside poor, also cost of maintaining City Farm and patients at our City Hospital in Lewiston.

The entire cost of the department has been $31,888.95.

Appropriation for 1906-7,	$27,000.00	
Receipts for support of persons from other towns,	1,277.13	
Receipts from City Farm,	1,075.67	
Receipts for support of patients at Insane Hospital,	874.70	
Receipts from State for aid furnished State Paupers,	1,661.55	
		$31,899.05
Expenditure,		31,888.95
Balance undrawn,		10.10

The monthly and aggregate cost for the year has been as follows:

March,	$5,682.11
April,	2,843.96
May,	2,711.33
June,	1,986.39
July,	2,630.15
August,	1,885.96
September,	2,952.88
October,	2,271.58
November,	2,741.30
December,	2,396.98
January,	2,597.13
February,	1,216.18
Total Expenditure,	$31,888.95

The receipts are made up of funds received from other cities and towns for the support of their paupers who have been helped by us while in this city and from sundry persons for the support of their relatives or friends at the Insane Hospital and from produce sold from City Farm and receipts from State for support of non-settlement paupers.

The expenditures are classed as follows:

Outside poor,	$14,560.38
City Farm,	7,533.22
Patients at Insane Hospitals,	3,719.01
Patients at City Hospitals,	901.65
Board of old soldiers,	2,190.09
Board of children,	2,984.60
	$31,888.95

OUTSIDE POOR

Under this head are included all persons who have received supplies of groceries, fuel, rent, board, shoes, medicine, etc., exclusive of City Farm, Insane Hospital, Hospitals in City, board of children and old soldiers.

The conflicting opinions existing relative to the expendiency of rendering aid to any outside of the almshouse makes it imperative that aid should be given to such as live in their homes, however humble and poor such homes may be. That some obtain aid under the present system who are unworthy there is not much doubt. The

chief argument of quite a good many of these is that they are as needy as some of their neighbors whom they know to be receiving public aid, and there is no doubt their reasoning is correct. It has been my aim to get as near to what is the real conditions of each person or family as possible and in this I have been generally successful. But when it comes to widows with a family of children and none of them able to do anything for the support of the family of which they are members, there can be but one answer to the question as to whether such families shall receive assistance or not, and that answer must invariably be in the affirmative, and this is also true of old people,wholly incapacitated for labor of any kind.

During the year 372 families and 1278 persons of this class have been helped.

The members of families and persons helped each month are as follows:

	Families.	Persons.
March,	126	397
April,	132	374
May,	112	302
June,	99	275
July,	90	284
August,	84	262
September,	86	257
October,	108	251
November,	109	284
December,	120	310
January,	124	384
February,	108	357

INSANE PERSONS

The number and cost of this class of persons continues to increase here as elsewhere, as the records of Insane Asylums everywhere abundantly show. The number of persons committed the past year exceeds any former year. At the beginning of the year there was at the Insane Hospital in Augusta for whom the City was first responsible 21 patients.

Committed during the year,	18
Discharged during the year,	3
Deceased during the year,	5
Leaving the number March 1st for whom the City is responsible	31

With the increase in numbers of our Insane during the past year the cost for their support the coming year will be above $6,000, and I would recommend that the City Government consider the same in making their appropriation. During the year I have collected from towns, friends and guardians for the support of Insane, $874.70.

AID AND BOARD OF OLD SOLDIERS

The care for the old soldiers continues to increase somewhat in cost and not a little in perplexity, on account of the class of men who seek the relief which doubtless a well-meant enactment was designed to afford. But it does seem somewhat inconsistent on their part to receive a fairly liberal government pension and then to expect the town or city where they have a legal settlement to furnish nearly their entire support.

As previously shown the sum paid for board of old soldiers is $2,190.09. Besides many families of this class are receiving aid at their homes.

BOARD OF CHILDREN

It has been so well demonstrated that the City Farm is not the proper place for young children that the Overseers of the Poor within the past few years have been providing homes and paying board for such children as may from time to time come under their care either from loss of parents or parent or for neglect of parents to proprely provide for them. Some of them being provided with permanent homes or being boarded at the Healy Asylum and the Hospital Annex and in private families.

The amount paid for board of children for the past year has been $2,984.60.

STATE PAUPERS

For the support of non- settlement persons the Legislature of 1903 enacted a law, making a charge upon the State, again the Legislature of 1905 strengthened the enactment of 1903 so that in future years the burden of support of this class will be borne by the State instead of the municipality, where they may be the recipients of public charity. Such a measure seems only reasonable in

view of the fact that all or nearly all of these persons and families are in the larger towns and cities of the State and scarcely any in the agricultural towns who have to support those only who have pauper settlement in their towns.

During the year just closed I collected the proof of non-settlement of this class whom have received aid from this department and presented such proof and bills to the Governor and Council who after due consideration have allowed the same and paid to this department $1,661.55.

HOSPITAL.

As previously shown the amount paid for our sick at the Sisters of Charity Hospital and the Maine Central General Hospital is $901.65. This class seems to be on the increase. The calls on this department have been very many, and every case has been looked into by the City Physician and myself and assistance rendered where most needed. Many have been disappointed in not being assisted by this department for aid of this kind which if rendered makes of them paupers, where otherwise they may be treated at the Hospitals by consulting and making arrangements with the management.

There is no doubt a great amount of work is done by the Hospitals of our City for which they receive no compensation. The State each year makes an appropriation for them and our worthy poor should certainly be entitled to consideration.

CITY FARM

The large number of inmates and the number of old and sick persons to be provided for together with the needed extensive repairs made this year in the buildings at the City Farm brings the expense of maintaining this branch of the department for the year just closed to $7,533.22.

The receipts for the year are $1,075.67.

To Superintendent Cyrille Labranche and Mrs. Labranche I wish to extend my thanks for the able manner in which they have managed the affairs at the Farm.

I wish to say that I have had an opportunity to see the workings of this branch of the department in all its details and wish to say that Mr. Labranche has taken

a personal interest of all under his care, and in every matter connected with the City Farm, he has consulted this office at all times when the occasion required and our relations have always been the most pleasant and everything has worked in harmony for the best interest of the tax-payers of our City.

CITY PHYSICIAN

This department has cared for a large number of sick people during the past year. The calls for medical treatment have at all times been properly attended to by Dr. L. C. Baribault and my thanks is hereby tendered to him for the prompt, energetic and efficient manner in which he performed his duties as City Physician. Also to Dr. J. B. Marcotte, acting City Physician during the absence of the City Physician.

POLICE MATRON

To Mrs. Etta Mitchell this department is under great obligations for the aid rendered by her in furnishing clothing and other things, thereby saving the city a large amount of money. During the past year she has visited a large number of families at my request and she has been very earnest in her desire to alleviate the sick and needy, and at all times to give council and advice. And I would cheerfully recommend that the City would retain Mrs. Mitchell as Police Matron as long as she desires to continue in her good work.

In conclusion I wish to thank Mayor Webster and Board of Overseers for the many courtesies extended to me during my term of office and City Sollicitor Mr. L. J. Brann for his council and advice upon matters of importance, also City Marshal Cailler who never failed to give help when needed.

Respectfully submitted,
P. J. CRONIN,
Clerk of Overseer of Poor.
Lewiston, March 18, 1907.

In Board of Mayor and Aldermen, March 18, 1907.
Report read, accepted, and ordered placed on file.
ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.
Report read, accepted, and ordered placed on file in concurrence. M. A. SULLIVAN, Clerk.

REPORT OF CHIEF ENGINEER FIRE DEPARTMENT

Lewiston, March 18, 1907.

To the Honorable Board of Fire Commissioners:

I have the honor as Chief Engineer of the Fire Department, to present the following report of the general condition of the Department and what it has accomplished during the year ending February 28, 1907.

MANUAL FORCE

The manual force of the Department remains the same in numbers and may be classified as follows:

Permanent men,—One Chief Engineer; One Superintendent of Fire Alarms; One Driver Hose No. 1; One hoseman, Hose No. 1; One driver Chemical No. 1; One tankman, Chemical No. 1; One pipeman, Chemical No. 1; and fifty-eight call men.

PROPERTY LOSSES

The total value of property involved in fires, the amount of insurance thereon, and the losses entailed are as follows:

Total value of property involved in fires:	$411,400.00
Total insurance thereon:	231,000.00
Total losses:	$23,854.67

ALARMS

The number of alarms with their classification appear in the following table.

Box alarms,	40
Telephone calls,	101
Still alarms,	7
Chief's calls,	4
Total,	152

There were 31,150 feet of hose laid, 1873 gallons of chemicals used, 793 feet of ladders used, and 138 miles traveled by the Department during the year.

BUILDINGS

Park street Station has been painted both inside and outside during the year. A new floor should be laid in the apparatus room, this would place the building in good condition.

The basement floor of the Central Fire Station, Ash street was laid in cement during the year, and the building is in good condition except the floor of the apparatus room which should be repaired, and the basement of the stable which should have a cement floor.

APPARATUS

A pair of swinging harnesses were purchased during the year.

The apparatus is as follows:

Two steam Fire Engines,
Three Hose wagons,
Two Hose Reels,
Four Hose Pungs,
One old Exercising wagon,
One second size Aerial Ladder Truck,
One steel frame Hook and Ladder Truck.

The old exercising wagon and one hose pung are condemned as unfit for service, Engine No. 4 should have a new boiler. The other apparatus is in good condition excepting the pieces which need paint and varnish.

HOSE

We now have on hand 11,500 feet of cotton rubber lined hose in all conditions, which may be classified as follows: 5,000 feet in good condition, 3,000 feet fair, 2,200 feet poor, and 1,300 feet unserviceable for Fire Department use.

During the year 300 feet was transferred to the Street Department and 700 feet sold as junk.

HORSES

Seven horses are owned by the Department, one on

Ladder No. 1, one on Hose No. 1, and the pair used on Chemical No. 1, should be replaced as they are unfit for service.

The others are in good condition.

RECOMMENDATIONS

In order to increase the efficiency of the Department, I would call your attention to the following recommendations: I would recommend a permanent team for the use of the Chief Engineer of the Department, a permanent team for Engine No. 3 and Hose No. 2 of the Central Fire Station, Ash Street, a permanent team for Ladder No. 2, Park Street Station; also a three horse hitch for Engines Nos. 3 and 4, Chemical No. 1, Ladder No. 2, to be used in hand travel.

I would recommend the purchase of 4,000 feet of cotton, rubber lined hose.

A Fire Station should be located in the vicinity of Frye Street, one on lower Lincoln Street and one near the Sisters Hospital.

We should have three new Fire Alarm boxes; one to be placed at the corner of Skinner and Wood Streets, one at the corner of Howe and Ash Streets and one on Wood Street near New High School building. One new Hose pung should be purchased, and four horses, a pair for Chemical No. 1, one for Hose No. 1, one for Ladder No. 2.

I would recommend a tower bell striker, to be placed in the tower of the Grammar school building on Horton Street. A new floor should be laid in the apparatus room of the Park Street Station and the one at the Central Fire Station, Ash Street, should be repaired.

CONCLUSION

I wish to express my appreciation to the Officers and members of the Department for the faithful manner in which they have performed their duties. And to you, Gentlemen of the Board of Fire Commissioners, my sincere thanks for the interest you have manifested in the work of the Department.

Respectfully submitted,

M. J. MORIARTY, Chief.

FIRE DEPARTMENT FOR 1907.

BOARD OF FIRE COMMISSIONERS.

Running Expense, 1905-6, $12,616.09.
Running Expense, 1906-7, 13,008.29.

The bills left over from 1905 unpaid, which were paid this year $677.00 would show the Running Expense account to be $284.80 less than last year.

Running Expense, $13,008.29
Construction Account, 7,024.09
Total $20,032.38

There has been ($1,244.77) Twelve Hundred Forty Four dollars and Seventy Seven cents, more collected than last year.

The water account uncollected for the year 1905 as per last report was	$1,593.17
The water account uncollected for the year 1906 is	862.76
Which shows a decrease in over due bills uncollected of	$730.41

The abatements this year are $687.96, this includes $183.80 of poor and outlawed bills, that were abated by a vote of the Water Commissioners. There have been 51 new taps made this year, which makes a total of 2,579 services now in use 77 of which are metered, there are 92 meters in commission.

Following will be found the reports of the Auditor and Superintendent, also various tables and water rates, rules and regulations.

Respectfully submitted,

GOERGE POTTLE,
W. D. PENNELL,
A. D. BARKER,
JOHN B. SMITH,

Read, accepted, and sent forward.
L. W. DALY, Clerk.

WATER WORKS AUDITOR'S REPORT

This certifies that I have examined the accounts of L. W. Daly, clerk of the Lewiston Water Commissioners.

I find them to be accurately kept. Cash Book footings are correct, and individual amounts entered as received on Cash Book correspond with amounts charged on Service Book.

Abatements are properly entered and signed by the Committee.

Amounts turned over to the City Treasurer correspond with vouchers therefor and the cash on hand agrees with balance as entered.

Respectfully,

Wm. J. HIBBERT, Auditor.

Lewiston, Maine, March 9, 1907.

Report of Superintendent of Water Works

To the Honorable Board of the Water Commissioners for the City of Lewiston.

Gentlemen:—I have the honor to present the twenty-seventh annual report of the Superintendent, showing the general conditions of the work for the fiscal year ending February twenty-eight, 1907.

The running expenses for the year have exceeded last year $392.20, owing to the unpaid bills left over, amounting to $677.00; deducting amount of bills left over from 1905, will show the running expense account to be $284.80 less than one year ago.

PUMPS

The water wheels and Worthington pumps have been in use ever since the works were started, and there has not been anything in the way of permanent repairs made on them, with the exception of what was done in 1904; with the addition of new mains, new services, made every year, and the increase of waste, with the age of the pumps, and the average running fifteen hours a day, and with the limited time we have to make repairs on them, have gotten them in about the condition they were then; and they will have to have something done to them this year.

We have put new teeth into two of the large gears, and a partial set into one of the others; have re-cogged one of the bevelled gears. The gate hoist on one of the Risdom wheels have been replaced with a new one, and the bearing boxes have been repaired and new babitted; have put in three new sets of cross head boxes in the Worthington pump, and have lined up and babbitted the main boxes on pump No. 1.

Have repaired the gate hoist on the Hercules wheel with a new set of mitre gear, and repaired and new babbitted the bearing boxes. The Dean pump has been repaired with new pin, and ninety-six new valves and stems and springs have been put in on the suction end, and as

soon as convenient the delivery end should be repaired, and it will then be in good condition. New sills and floor have been put under the store house, and have completed the work started last year on the head racks; the iron racks in the gate house will have to be put in as soon as the water in the river is low enough to do it.

PIPE LINES

The only break in the main pipe line that has caused the water to be shut off for any length of time was the one on the Cedar street 20 inch main on the bridge over the main canal; have repaired seven leaks in lead joints, and replaced sixteen large and seven small gate boxes that have rotted out; there are a number that will have to be put in this year. Have repaired one 6 inch gate on Chestnut street between Park and Lisbon, that had a broken stem, and has been closed for a number of years; have added one fire hydrant this year, which makes 180 for fire service. There have been five hydrants reseated, and there are a number that will have to be repaired this year.

LAKE AUBURN MAIN

Under the instruction of the board have repaired on the Lake Auburn pipe line, seven leaks, and have taken out the 24 inch split pipe that has caused so much trouble in the past. Three of them, back of Dr. Norcross's, and the split pipe, and one on the Auburn city farm, were in quicksand, and had to be cribbed in order to get at them. The expense was $828.00; this with all the other repairs and monthly pay-roll, which includes salary of superintendent, clerk, engineers at pumping station, and for all stock and supplies used in the maintenance of the plant are charged to the running expense account, as you will see by the report of the Auditor.

CONSTRUCTION

The main pipe line has been extended this year on Sabattus street from Thorne's Corner to Grove street 4,500 feet of 6 inch pipe; on Horton street from end of pipe 422 feet of 4 inch pipe to Birch street extension; on Birch street extension 228 feet of 6 inch pipe to Bartlett street; on Bartlett street 76 feet of 6 inch pipe. From

Main to Curtis streets on Curtis street 147 feet of 6 inch pipe; on Bearce Avenue from Main street 460 feet of 6 inch pipe, at a cost of $440.84. There has been added during the year 51 one inch new services, and 22 old services relaid; have used 3,783 feet of 1 inch service pipe 147 feet of 2 inch pipe; 65 feet of 1½ inch pipe for fire service; there has been nine of the old ¾ corporations taken out, and replaced with new 1 inch corporations, and repaired nine leaks on the service pipes with clamps.

RESERVOIR

As this has been an exceedingly cold winter we have had to keep fire in the gate-house at the reservoir the greater part of January and February; the frost and ice have started the granite blocking in the water way, to what extent I am unable to tell until the ice gets out of the reservoir. According to custom, this is the year the reservoir should be cleaned. The rip-rapping—some of it—will have to be laid over, which will have to be done when the water is drawn from the reservoir; when the wind blows hard, especially from the northeast, it gets quite a sweep on the water, and it forces it pretty hard to the south end, and it has washed the dirt out from back of the rip-rapping quite badly. I should recommend stopping the water and ice from getting back of the rip-rapping, by putting a strip of concrete of sufficient width around the top of the reservoir. The roof on the pumping-station will have to be repaired this season.

RECOMMENDATIONS

We all realize that the time is not far distant when there will have to be something done to increase the water supply either by the addition of a new pump, or put the lower part of the city on to gravity, which can be easily done, at very moderate expense; inasmuch as I realize that a new pump ought to be installed, I more than realize that there ought to be something done to assure a supply if anything unavoidable should happen to the pumps, that would put them out of commission for any length of time. For example, the breaking of one of the water wheels, or the twisting of and breaking of the big shaft, or a fire in the roof; either of which would cause the shutting down of the plant entirely, so that

it could not furnish any water, except what is stored in the reservoir, which would be insufficient for any length of time.

I should also recommend that a four way fire hydrant be located as near the pumping-station as convenient. Have examined with Mr. Davis the plank partition in the wheel pit, and the head gates, and find them in bad condition, and they ought to be replaced this year.

In making out the new pipe line map and gate book, have had occasion to look over all of the old reports, and find that there is a number of dead ends of pipe that ought to be connected, not only to insure a good circulation, but to give better fire protection, as some of them are in bad localities, especially the one on Sabattus and Nichols streets.

With thanks to the President and Clerk of the Water Board, and the members, this report is respectfully submitted.

JOSIAH B. LONGLEY, Supt.

LOCATION OF GATES SET

Main street at Curtis street,	6 inch Smith gate
Main street at Bearce Avenue,	6 inch Smith gate
Bartlett street and Birch street extension,	6 inch Chapman gate
Horton street and Birch street extension,	4 inch Chapman gate
Sabattus street at Thorne's Corner,	6 inch Chapman gate

ANNUAL WATER RATES

Dwelling Houses

Family not exceeding seven persons, one faucet for use in the tenement, per annum,	$5.00
For dwelling-houses, occupied by two or more families, each family, per annum,	4.00
For one bathing tub,	2.00
For one pan water closet or self-acting hopper-closet,	1.50

For one hopper-closet, not self-acting, 3.00
For one set wash-tub, three or less, 1.00
For urinal, with self-closing valve, 1.00
For private stables in connection with house supply, each horse, 2.00
Otherwise, 3.00
For private stable, neat cattle, each head, 1.00
For yard or street, hand hose in connection not exceeding three-eigths inch nozzle for each store or tenement, 2.00
Use of hose is restricted to before 9 a. m., and after 4 p. m.
When hand hose is attached to inside faucets the same amount to be charged as when connected with sill-cock, 2.00
When parties use hand hose connected with sill cock for other purposes than sprinkling, they shall pay regular faucet rate, in addition.
Two or more families using the same water closet shall pay per annum, 1.00
Sewing machine, family use, 3.00
Steam boilers, for heating private dwellings, to be paid in October quarter, 1.00
Parties paying for use of hand hose may use the same for washing carriages, if they wish.
In no case shall any party have the use of water for any purpose, for less than the price of one faucet, 5.00

Families using water for domestic purposes, complaining of exorbitant rates, may, when consuming 200 gallons daily, apply for meter measurements by paying for meter and connections, and shall be subject to the following rates:

For daily use of 200 to 300 gallons—per 100 gals., $0.02½
For daily use of 300 to 500 gallons—per 100 gals., .02¼
For daily use of 500 to 1,000 gallons—per 100 gals., .02

Aggregate Rates to Families

In no case is the annual charge for the use of water to a private family to exceed, $20.00
For each family, with a stable and four animals, or less, the charge shall not exceed per annum, 25.00
For each family, with stable of four (or less) animals, and hose for stable and grounds (use of hose, size of nozzle, area watered, etc., limi-

ted as in preceding items), the charge shall not exceed per annum, 30.00

For private fire-plugs, to be used only in case of fire, no charge to be made.

Annual Public Rates

Public wash-basins, each,	$5.00
Public urinals, each,	5.00
Public pan water-closets, or self-acting hopper closets,	5.00
Public hopper water-closets, not self-acting,	10.00
Public baths, each,	5.00
Public drinking fountain,	6.00
Public fire hydrants,	40.00
Bakeries,	8.00 to 15.00
Sewing machines, in stores,	7.00
Brick-makers, per 1,000 bricks made,	03
Stores, ordinary uses, not including jet or fountain,	5.00 to 10.00
Baths, urinals, and water-closets, in store and offices, each,	3.00
Dining-room, or saloon, not including jet or fountain,	5.00 to 15.00
Jet or fountain additional,	3.00
Public watering-troughs,	25.00
Jet or fountain additional for hotels or other offices,	3.00
Professional and agency offices,	5.00 to 10.00
Photographic galleries, where meters are not used,	8.00 to 15.00
Barber shops, each chairs,	2.50
Livery and public stables, not exceeding ten horses, each horse,	1.50
Each additional horse,	1.00
Use of hose, each hose,	.75

Builders Water Rates

The cost of service pipe for building purposes will be charged and must be paid in advance.

Water for each cask of lime or cement,	$0.05
Water for other purposes connected with constructions, per barrel,	03

Water carts, street sprinkling, per 1,000 gallons, 20c, or special rates,

For steam engines, each horse power to 20, working not more than twelve hours per day,	3.00
Each additional horse power,	2.00

Meter Rates

Water for motive power or mechanical purposes will be furnished at the following rates, same to be paid quarterly:

For daily use of 200 to 300 gallons—per 100 gals.,	$0.02½
For daily use of 300 to 500 gallons—per 100 gals.,	.02¼
For daily use of 500 to 1,000 gallons—per 100 gals.,	.02
1,000 to 1,500 gals., daily consumption, per annum,	50.00
1,500 to 2,000 gals., do., per annum,	60.00
2,000 to 2,500 gals., do., per annum,	75.00
2,500 to 3,000 gals., do., per annum,	95.00
3,000 to 4,000 gals., do., per annum,	109.20
4,000 to 5,000 gals., do., per annum,	128.50
5,000 to 7,000 gals., do., per annum,	140.40
7,000 to 10,000 gals., do., per annum,	159.12
10,000 to 15,000 gals., do., per annum,	175.50
15,000 to 20,000 gals., do., per annum,	218.40
20,000 to 25,000 gals., do., per annum,	245.70
25,000 to 30,000 gals., do., per annum,	257.40
30,000 to 40,000 gals.,	2⅞ cts. per 1,000 gals.
40,000 to 50,000 gals.,	2¾ cts. per 1,000 gals.
50,000 and upwards,	2½ cts. per 1,000 gals.

Special and unusual supplies rated on application.

PLUMBING

Be it ordained by the City Council of the City of Lewiston, as follows:

Section 1. No plumbing shall hereafter be done on any pipes or fixtures for the use of water from the City Water Works, unless by a plumber licensed by the Board of Water Commissioners of said city. Said Board of Commissioners are authorized to grant and revoke licenses.

Sec. 2. Every plumber who shall set up any pipes or fixtures for the use of water from said City Water Works, or shall make repairs upon, additions to, or alterations of any pipes or fixtures set up previous thereto, shall, within eight days after the same shall be completed, fill up and return to the Superintendent a report describing all fixtures, both old and new, for the use of water on the premises.

Sec. 3. For any misrepresentation or omission in the report of the work done, said plumber shall be liable to suspension or to have his license revoked by said board, and to pay a fine of not less than five or more than twenty-five dollars to be recovered in an action of debt, in the name of the Water Commissioners or City Treasurer, before the Municipal Court of said city.

Sec. 4. Water from the Lewiston Water Works will be supplied hereafter only to pipes and fixtures that have been set up and completed or examined and tested by a plumber licensed by the Water Commissioners, and which have been fully enumerated and described in a report made by said plumber to the Superintendent, and approved by him or his Inspector.

Sec. 5. If any plumber or person not duly licensed, shall set up any pipes or fixtures for the use of water from the Lewiston Water Works, or make any repairs upon, additions to, or alterations of any pipes or fixtures previously thereto set up, he shall forfeit and pay a sum of not less than five, nor more than twenty-five dollars, to be recovered by complaint, or in action of debt in the name of the Water Commissioners or the City Treasurer, before the Municipal Court of said city.

Finally passed and approved by City Council March 15, 1881, and March 22, 1893.

SPECIAL RULES AND REGULATIONS

In all cases where the water is turned off at the request of the owner, or agent of the property, a charge of fifty cents shall be made, which amount must be paid before the water is turned on.

No discount will be made for vacant tenements or premises unless notice is given at the time of vacancy and the water shut off. In case two or more takers are supplied by the same service pipe, seals will be attached to the fixtures not in use.

No charge will be made for water for extra persons above the limited number in family rates, in one and the same family—but in Boarding Houses and consolidated families, extra will be charged to the amount of fifty cents to each person above this limit of seven (7) persons.

No water-motor shall be attached to any of the water pipes, without permission of the Water Board, and the Superintendent is authorized and instructed to shut off the water at once on premises where any violation of this rule occurs.

No person or persons using city water for motive power, shall sublet to other parties.

No abatement shall be allowed on vacant tenements unless the tenements have been vacant two months or more. The vacancies for a less time of several tenements in the same building, owned by the same person, are not to be added together to make the requisite time (two months or more) for abatement.

All persons using meters are holden responsible for all damage to said meters occasioned by neglect, misuse, or freezing, and the Superintendent will cause printed slips to be placed upon all meters to this effect.

When bills are due and not paid within the limited time, the water shall be turned off for non-payment, unless the bills are under consideration by the Committee on Rates and Abatements.

NEW SERVICES

Pipe bills and water bills must be paid before the water is let on.

Sec. 9.—The following regulations shall be considered a part of the contract with every person who takes the water, and every such person, by taking the water, shall

be considered to express his assent to be bound thereby. They shall be printed upon every bill for water rent, and whenever any one of them is violated, the water shall be cut off from the building, or place of such violation, although two or more parties may receive water through the same pipe, and shall not be let on again, except by the order of the Water Board, and on payment of two dollars; and in case of any such violation the said Board shall have the right to declare any payment made for the water by the person committing such violation, to be forfeited, and the same shall thereupon be forfeited.

REGULATIONS

First. All persons taking water shall keep the service pipes within their premises, including any area beneath the sidewalk, in good repair and protected from frost at their own expense; and they shall be held liable for all damages which may result from their failure to do so.

Second. They shall prevent all unnecessary waste of water, and there shall be no concealment of the purpose for which it is used.

Third. No alterations shall be made in any of the pipes or fixtures inserted by the city, except by its agent, who is to be allowed to enter the premises supplied, to examine the apparatus, and to ascertain whether there is any unnecessary waste.

Fourth. No water is allowed to be supplied to parties not entitled to the use of it under the city ordinances, unless by special permission.

Fifth. The Clerk and Superintendent with the necessary agents and assistants, may enter the premises of any water taker to examine the quantity used and the manner of use, and to cut off the water for non-payment of rents or fines, or any violation of the foregoing rules.

Sec. 10. The occupant of any premises, when any unnecessary waste of water occurs, shall be liable to a fine of two dollars for the first offense and four dollars for the second offense during the same year, and shall be notified thereof in writing, and if such waste shall not be prevented and the fine aforesaid paid within two days from the time when said notice was given, the water shall be cut off from the said premises, and shall not be again let on until the waste be stopped and a fine paid,

together with an additional sum of two dollars for cutting off and letting on the water; and in case of a third or subsequent offense, the water shall be cut off, and shall not again be let on, except by a vote of the Board and the payment of such fine, not exceeding ten dollars, as the Board may impose.

Sec. 11. The commissioners shall have power to establish such regulations as they may deem expedient for the introduction and use of water; and the water shall not be supplied to any building unless the pipes and fixtures shall be made conformable to said regulations.

Sec. 12. The water rates shall be fixed by the Commissioners, subject to the approval of the City Council.

Sec. 13. Any person considering his water rates excessive, may apply to said Board for a meter, to be set at his expense, and the amount of his rent, may be determined thereby; and said Board may cause a meter to be attached to any premises where they have reason to believe that an unnecessary or fraudulent use of water is being made, and may assess rates upon such premises thereby.

Sec. 14. All water rates, except for building purposes, meter rates, lawn and street sprinklers, shall be due and payable at the office of said Board, quarterly, in advance on the first day of January, April, July and October. Meter rates will be due and payable at the same place on the first day of the succeeding quarter; and the rates for garden, lawn, and street sprinklers will be due and payable in advance, at the said office on the first day of April and July of each year.

The City Ordinance, as adopted July 1, 1889, read under Sec. 10, Plumbing Laws, XII:

"Water-closets supplied with water otherwise than from a tank with flush pipe of at least 1¼-inch shall only be used with special permission of the Board of Health."

LOCATION OF HYDRANTS

Section 16. Any person who shall injure any public pipe or reservoir connected with the Lewiston Water Works, or who shall break and enter the same, or draw off, or cause to be removed any water therefrom, or shall

turn off or on the water in any such water pipe or reservoir, or shall make any opening or connection with such pipe or reservoir or removed the cover of any hydrant, except in case of fire, without the license or permit of the Water Commissioners, or by authority of the Mayor and Aldermen, or Chief Engineer of the Fire Department, shall forfeit and pay for each offense not less than three nor more than twenty dollars.

In Board of Water Commissioners,
March 11, 1907.

Read, accepted, and sent forward,

L. W. DALY, Clerk.

In Board of Mayor and Aldermen, March 18, 1907.

Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

Report of City Solicitor

Lewiston, Me., March 28th, 1907.

To the Honorable Mayor and City Council:

Gentlemen:—I herewith submit my report as City Solicitor for the municipal year ending February 28th, 1907.

Suits now pending in which the city is a party are as follows:

Carl Owen vs. Lewiston,
M. J. Googin vs. Lewiston,
Harper & Googin vs. Lewiston, and,
F. M. Payne vs. Lewiston.

The suit of Carl Owen vs. Lewiston is a suit brought by Carl Owen by next friend wherein he seeks to recover of the city a bounty offered for the gathering of brown tail moth nests.

The amount in litigation is in excess of $150.

The writ was entered in the Lewiston Municipal Court and upon hearing there judgment was entered for the city. An appeal was taken by the plaintiff and the matter taken to the Supreme Judicial Court. Hearing will be had there at the coming April term of Court.

The suit of M. J. Googin vs. Lewiston was an action brought by the plaintiff to recover of the defendant city damages to his premises at the corner of Bates and Oak Streets caused by the break or cave in of the Bates Street sewer. Trial was had at the January Term of the Supreme Court, the case was withdrawn from the jury and goes to the Law Court upon report, being taken up by the plaintiff.

The case of Harper & Googin vs. Lewiston is another sewer case growing out of the break on Bates Street and depends, probably, very largely upon the outcome of the case of Googin vs. Lewiston.

F. M. Payne vs. Lewiston is a new entry and no disposition has been made of the matter. Trial will probably be had at the coming April term of Court in this county.

The suit of Webber vs. Lewiston was adjusted by the payment of the city of $75.00. Mr. Webber was one of the experts employed by representatives of Lewiston in the Union Water Power cases and this was an action to recover for a balance which he claimed was due him.

An unusually large number of claims against the city for damages for sewer overflows have been presented during the year. I have examined these claims and in very nearly all of them the city is not legally responsible.

I have appeared in behalf of the State before the Lewiston Municipal Court in an unusually large number of liquor cases and have also prosecuted many other offenders for various offences.

I have worked in conjunction with the Clerk of the Overseers of the Poor in preparing many affidavits in order that recovery could be had of the State for money disbursed by Lewiston in the matter of State paupers. I have to say that Mr. P. J. Cronin is a very efficient and painstaking public official.

I have given attention to many other matters encumbent upon the City Solicitor.

I desire to extend thanks for many courtesies extended by all with whom I have had intercourse in my official capacity.

Respectfully submitted,

LOUIS J. BRANN.

In Board of Mayor and Aldermen, March 18, 1907.

Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.

Read twice under suspension of the rules, and passed in concurrence. M. A. SULLIVAN, Clerk.

REPORT OF

Superintendent of Fire and Police Alarms

To the Honorable Board of Fire Commissioners of the City of Lewiston.

Gentlemen:—I have the honor of submitting herewith my seventeenth report for the year ending February 28th, 1907.

The full number of alarms received at the Ash Street Engine House was 182, of which Lewiston had 40 bell alarms, 4 Chief's, 101 telephone and 7 still alarms. Total 152.

Auburn had 16 bell alarms, 14 Chief's calls. Total 30.

The system has worked very satisfactorily during the year and there have been but very few troubles to interfere with its proper working.

There is but a small amount of wire on housetops at the present time, all of which is old and unsafe and ought to be changed to poles the coming year.

For other permanent improvements I would recommend the following: First, a 8 circuit repeater and central office equipment and storage to bring this part of the system up-to-date and make it much more reliable.

Modern circuit breakers should be put in the signal boxes in place of the old styled ones, the liability of the wires getting crossed with high tension wires makes this improvement a necessity. It would make the boxes much more reliable.

There have been no new signal boxes added for a number of years, and I would recommend that new signal boxes be placed in the following locations: one at the corner of Wood and Skinner Sts., one at the corner of Ash and Howe Sts., one near the Jordan High School building, and one near the Central Maine Hospital.

There should also be signal boxes placed in City Hall, Music Hall and the Empire Theatre, so that in case of accidents or fire the department could be instantly called.

The following is a list of apparatus, wires, tools and materials in my care. In Lewiston, one three-circuit re-

peater, 41 signal boxes, 3 engine house gongs, 2 engine house indicators, 1 stop clock and register combined, 2 door openers, 3 strong current protectors, 5 galvanometers, 3 switch boards with switches complete, 236 cells of storage battery, 1 tower bell striker, one 2000 lb bell, 1 compressed air whistle plant, 14 mechanical gongs, 1 emergency electric light switch, 100 glass jars and about 30 miles of line wire. In Auburn—24 signal boxes, 1 engine house gong and indicator combined, 1 indicator and vibrating bell combined, 1 tower bell striker, 2 door openers, 10 electro mechanical gongs, 1 automatic line cut out, and about 15 miles of line wire. The private mill circuit consists of 5 signal boxes, 1 engine house gong, 10 electro mechanical gongs in residences and about 7 miles of line wire.

A telephone system consisting of 3 sets of instruments connecting the chiefs residence with the Ash St. Engine House and the Hook and Ladder House.

The police system consists of a 4 circuit central office apparatus, a bell and register for the stable, 11 street signal boxes, 13 sets of Bell telephones, 68 jars of battery and 6 miles of wire.

TOOLS AND MATERIALS

5 ladders, 1 set digging tools, 1 hatchet, 1 draw shave, 1 hammer, 1 hand saw, 1 monkey wrench, 1 soldering torch, 1 firepot, 2 hand baskets, 3 brick drills, 1 angle bit brace, 3 chisels, 8 iron brackets, 4 iron pins, 15 glass insulators, 3 micar circuit breakers, 25 porcelain cleats, 15 porcelain bushings, 8 glass transposition insulators, 125 two-pin arms, 14 second hand two-pin arms, 12 four-pin arms, 6 six-pin arms, 200 wood side brackets, 150 wooden pins, 200 feet of No. 14 rubber covered wire, and ½ mile of iron line wire.

In closing this report I wish to thank the Board of Fire Commissioners, the Chief and Board of Engineers, officers and members of the Department for their help and kindness to me in the discharge of my duties in the department.

F. R. WHITNEY, Superintendent.

In Board of Mayor and Aldermen, March 18, 1907.

Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.

Read twice under suspension of the rules, and passed in concurrence. M. A. SULLIVAN, Clerk.

Lewiston, March 13, 1907.

To the Honorable Mayor and City Council:

We respectfully but earnestly petition your honorable body for the reappointment of Mrs. Etta Mitchell as Police Matron.

We feel that Mrs. Mitchell's intimate acquaintance with this department, gained from her long experience in charge of it, as well as her naturally strong executive qualifications and faithful attention to the duty at hand make her an especially efficient agent for the varied and important services connected with its administration.

I. C. PHILLIPS,
Mrs. J. W. STARBIRD,
Mrs. W. H. NEWELL,
Mrs. W. L. HASKELL,
FRANCES GARCELON,
BESSIE S. TEMPLETON,

Directors of the Social Settlement.

Report of Tax Collectors

1904

Lewiston, Me., March 1, 1907.

To the Honorable Mayor and City Council:

Gentlemen:—I beg leave to submit my final report as Collector of Taxes for the year 1904.

Balance due City March 1, 1906,	$1,491.69	
Interest collected since Mch. 1, 1906,	9.70	
		$1,501.39
Abatements since March 1, 1906,	$1,316.52	
Paid Treasurer since Mch. 1, 1906,	184.87	
		$1,501.39

The total amount of abatements for the year 1904 is Thirty-Four Hundred and Seventy-Nine Dollars and Eighty-Two Cents ($3,479.82), which is less than one-half of the abatement appropriation for that year.

Respectfully submitted,

E. A. DAVIS, Collector.

1905-1906

Lewiston, Me., March 1, 1907.

To the Honorable Mayor and City Council:

Gentlemen:—I have the honor to submit the following report as Collector of Taxes for the years 1905 and 1906.

Balance due City Mch. 1, 1906,	$29,852.57	
Commitment of 1906,	286,556.92	
Interest collected,	1,151.96	
Supplementary Tax,	403.24	
		$317,964.69

Paid City Treasurer,	$275,608.08	
Discount on Taxes,	4,352.40	
Abatements allowed,	1,958.18	
Balance uncollected,	36,046.03	
		$317,964.69

Respectfully submitted,

F. H. WIGGIN,
Collector of Taxes.

In Board of Mayor and Aldermen, March 18, 1907.

Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.

Read twice under suspension of the rules, and passed in concurrence. M. A. SULLIVAN, Clerk.

Report of Inspector of Wires

To the Honorable Board of Mayor and Aldermen of the City of Lewiston.

Gentlemen:—In accordance with the requirements of the city ordinances I herewith submit my annual report of Inspector of wires for the year ending February 28th, 1907.

During the year I have inspected 42 buildings wired for lights and power. The number of lights and power motors installed is approximately as follows: 1269, 16 candle power lamps, 10 arc lamps, and 220 horse power in motors.

In addition to the above I have located a large number of poles for the Electric Light, Telephone and Street Railway Companies, and inspected the lines of each and while they might be improved they are in better condition han they were a year ago.

There have been no accidents or fires caused by electricity during the year.

I wish again to call your attention to the need of an ordinance regulating the number of poles in the streets.

Last year a permit was granted the Street Railway Company to set a new line of poles from Cedar Street to the Lewiston Bleachery on Lisbon Street making four lines of poles and part of the distance five lines, the reason the Company wanted to do it was to get rid of paying the Postal Telegraph Company the exorbitant rent they charged for their poles.

It seems to me as though it had ought to be within the power of the City Government to regulate such conditions.

There are a large number of poles in the City that should be painted and in other ways made more sightly.

Respectfully submitted,

F. R. WHITNEY, Inspector of Wires.

Report read, accepted, and ordered placed on file.

In Board of Mayor and Aldermen, March 18, 1907.

ALBERT D. MORNEAU, City Clerk.

Financial Report of School Department

To the Honorable Mayor and City Council:

Gentlemen,—The School Board, agreably to the duty prescribed for them present the following report of receipts and expenditures for the fiscal year, ending Feb. 28, 1907, and recommendations for the coming year.

GENERAL SCHOOL DEPARTMENT

Receipts

Appropriation for Common Schools,	$31,000.00	
School Fund and Mill Tax,	22,181.29	
By tuition, etc.,	228.75	
By errors on bills,	6.00	
		$53,416.04

Expenditures

Salaries of Teachers,	$38,655.69	
Salary of Supt. and Secretary,	1,899.96	
Salaries of City Janitors,	3,693.12	
Salaries of Rural Janitors,	352.74	
Books,	1,394.43	
Supplies,	1,333.11	
Fuel,	2,912.90	
Printing,	508.48	
Insurance,	753.75	
Census,	170.58	
Transportation,	165.25	
Unclassified,	1,529.12	
Balance undrawn,	46.91	
		$53,416.04

MANUAL TRAINING DEPARTMENT

Appropriation,	$1,200.00	$1,200.00
Expenditures,	989.74	
Balance undrawn,	210.26	
		$1,200.00

SCHOOL HOUSE REPAIRS

Appropriation,	$3,000.00	$3,000.00
Expenditures,	2,987.36	
Balance undrawn,	12.64	
		$3,000.00

We respectfully recommend that the sums of $32,000 for the General School Appropriation and $1,200 for the Department of Manual Training be appropriated for the coming year. We respectfully represent that in view of necessary expenses of each department these sums are the least amounts consistent with an efficient administration of them. The request for appropriation for annual repairs and insurance will be made as soon as the needs can be investigated for report.

J. J. PELLETIER,
A. M. GARCELON,
E .K. SMITH,

The Committee on Finance.

The preceeding report of receipts an expenditures for the fiscal year 1906-1907 and he request for the appropriation of $32,000 for the General School Department and $1,200 for the department of Manual Training were accepted, adopted and ordered sent to the City Council.

Attest: I. C. PHILLIPS,
Sec. School Board.

In Board of Mayor and Aldermen, March 18, 1907.

Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.

Report read, accepted, and ordered placed on file in concurrence. M. A. SULLIVAN, Clerk.

Report of Superintendent of Public Works

Lewiston, March 18, 1907.

To the Honorable Board of Public Works:

Gentlemen:—I have the honor to submit my third annual report as Superintendent of the Public Works, for the fiscal year ending February 28, 1907; also an estimate for the appropriations necessary for the proper maintenance of streets and roads and such other permanent improvements as may be ordered by the Board of Commissioners.

Following is a list of the amounts expended in the different divisions for the past twelve months:

Highways,	$39,358.65
Sewers,	3,162.86
Permanent Walks,	1,598.73
Permanent Streets and paving,	10,913.23
New Streets and Bridges,	3,100.11

In the early part of the year there was a request sent the Board from the drivers in the wooden stable, so called, for an advance in wages from $1.54 per day to $1.75 per day, which was unanimously granted, and later in the year a similar request from the laborers was sent to the Board, which was most cheerfully granted.

While this is a matter which we all agree upon, it must be taken into consideration that it will make a difference of about three thousand dollars ($3,000.) per year, which amount must come out of the several appropriations.

SEWERS

Five new sewers were built the past year;

240 feet 10-inch pipe on Warren Ave.,

180 feet on Sylvan Ave.,

608 feet 12-inch pipe on Main Street; this was quite an expensive job as we found some sixty-five feet of ledge and in some places had to blast four feet deep;

162 feet 10-inch pipe on Canal Street;

134 feet 10-inch pipe on Curtis Street;

During the year six new catch basins and three manholes have been connected with the sewer.

All of the catch basins have been cleaned out once, seventy-five twice, and twenty-five three times.

I would also say at this time, in regard to sewers, that there should be something done in regard to a sewer at Barkerville, for I know of no section of the city where it would accommodate more people and where it is more needed.

The Gully sewer, so called, should be extended and repaired.

High Street Ave. should have some provision made for sewerage.

STREETS PAVED

During the past year there has been more paving done than for a number of years. Cedar Street was paved from Lisbon Street to Lincoln Street, 2,433 sq. yards of paving blocks being laid, at a cost of two thousand eight hundred and eight dollars and ninety-two cents ($2,808.-92), of this amount the L. B. & B. St. Ry. paid for laying 649¼ sq. yards of new blocks, and relaying 442 sq. yards of old blocks, amounting to eight hundred and fifty- one dollars and sixty-eight cents ($851.68), leaving a net cost to the city for the job, of one thousand nine hundred and fifty-seven dollars and twenty-four cents, (1,957.24).

Chestnut Street was paved from Lisbon Street to the Canal Bridge, 1.009 sq. yards of paving being laid, at a cost of one thousand eight hundred and fifteen dollars and thirty-nine cents, ($1,815.39).

In paving Cedar Street it was necessary to set a large amount of curbing, but the department has not had to purchase any new as we have taken up a large part of it in places where it has been set for years, and the parties have not put in permanent walks, and there is considerable more that can be found in similar places.

NEW STREETS AND BRIDGES

Nearly all the bridges have been rebuilt or replanked. The South Bridge was replanked with two courses of two and three inch plank, and new stringers put in; this bridge should be painted this season. The No. 1 Cross

Canal bridge, Lincoln Street, was replanked and new stringers put in; the two bridges in Hines Alley and Mill Street were replanked; the bridge in Lincoln Alley was replanked and new stringers; the bridges over the M. C. Railroad on Bridge and Riverside Streets, were replanked and other repairs made on them. The Stetson Bridge was thoroughly overhauled, new abutments put in and replanked; the bridge on the Sabattus Road near W. H. Osgood's was practically rebuilt; the bridges at South Lewiston near the M. C. Railroad Station, and the Jordan Bridge, so called, were thoroughly repaired and put in first class condition; and practically all of the bridges in the country districts have been replanked or repaired.

The appropriation and receipts for highways for the past year, were $35,535.34.

The country districts have been well cared for by the several Agents, and at this time I want to thank them for the promptness and ability which they have shown in caring for the same.

About 450 feet of State Road was built on Sabattus Street from where it was left the previous year towards the City.

Two horses have been added to the department during the year.

The carts and sleds have been repaired and painted, one new cart purchased and everything is in good condition.

The past winter has been a very severe one for the department as we have had so much to handle and at quite an expense; but we have endeavored to keep the streets and walks in as good condition as possible.

The following New Ash Walks have been built:

345 feet on Central Avenue.
150 feet on Ash Street.
150 feet on Sylvan Avenue.

The following Ash Walks have been recoated:

1,800 feet on Blake Street;
150 feet on Holland Street;
150 feet on Hammond Street;
150 feet on Horton Street;
360 feet on West Elm Street;
778 feet on Sabattus Street;
248 feet on Middle Street;
372 feet on Oak Street;

50 feet on Walnut Street;
50 feet on Lincoln Street;
250 feet on Main Street;
150 feet on Maple Street;
150 feet on Shawmut Street;
150 feet on Pine Street;
920 feet on Webster Street;
50 feet on Nichols Street;
150 feet on Howe Street.

In working the gravel pit it has become necessary to cut off some of the pine timber and the department has on hand at the present time, 19,573 feet of lumber, in boards and planks.

During the summer it was thought best by the Board, to change from Machine sweeping to hand sweeping, and 12 new cleaning carts and 36 cans were purchased, and while the expense is somewhat more it certainly is a great improvement.

During the summer the L. B. & B. St. Ry. Company asked for and received permission to lay double tracks on Lisbon Street, and as a good part of the paving had to be removed the Board thought it advisable to relay the whole of that section between Main Street and Pine Street, the Railroad Company paying for that part between its rails and eighteen inches on the outside.

STREETS MACADAMIZED

Pine Street was macadamized from Horton Street to Webster Street.

Park Street between Pine and Chestnut Streets, was recoated. About ——— yards was macadamized on Main Street above Mountain Ave. Bates Street was macadamized between Main and Oak Streets.

I would recommend at this time, that Frye Street from Oak Street to College, be macadamized.

In reference to macadamizing, I would recommend that the L. B. & B. St. Railroad Company be requested to raise their track on Main Street, and that the street be macadamized as far as the appropriation will allow.

NEW BRICK WALKS

200 feet on White Street.
200 feet on Wood Street.
100 feet on Birch Street.

A large amount of brick walk has been relaid on Lisbon Street, Cedar Street and Chestnut Street.

201 yards of concrete walk was relaid on Pine Street, and 79 yards on Main Street.

The following crossings have been put in:

Vet Brick Crossing at the junction of Main and Blake Streets; Cement crossing at the junction of Prescott and Oak Streets; Cement crossing at the junction of Bates and Ash Streets; Brick crossing at the junction of Ash and Blake Streets.

STREETS GRAVELED AND ROLLED

Pierce Street from Pine to Walnut Street.

Oxford Street from the Grand Trunk R. R. to Cross Street.

Sabattus Street from Dr. Garcelon's to the bridge.

Lower Lincoln Street from Locust Street to Cobbs Mill.

The teams have been employed as usual during the winter in handling snow, and breaking roads, of which there has been considerable, and when not thus employed have been hauling gravel from the pit and ashes from the several mills, of which there is a good supply on hand to do the spring work with.

The following amount of gravel is on hand at the following places:

Old Lot on Bates Street, 535 yards, fine gravel;
Androscoggin Mill, 75 yards fine gravel;
Androscoggin Mill, 514 yards coarse gravel;
Ash Street, 345 yards coarse gravel;
Lisbon Road, 183 yards coarse gravel;
City Lot, 230 yards coarse gravel;
Stone at Crusher lot, 139 yards coarse gravel;
Androscoggin Mill, 632 yards gravel:

An estimate of the appropriations which I think will be necessary to carry on the operations for the department for the ensuing year, is as follows:

Highways,	$40,000.00
Sewers,	4,000.00
Permanent Walks,	3,000.00
Permanent Streets and Paving,	15,000.00
New Streets and Bridges,	1,000.00

In making the above estimates I have taken into consideration the necessity of doing the following work, and would recommend at this time that Ash Street be paved from Middle Street to Bates Street, Bates Street from Ash Street to Oak Street, Bates Street from Main to the M. C. Ry., Main Street from Bates Street to Blake Street, and Chestnut Street from Lisbon Street to Park Street.

In connection with the above recommendation, I would advise the purchase of a New Steam Roller and a New Road Machine.

One more matter which must be considered is the removal of the Stone Crusher from its present location to Strawberry Ledge.

During the year a communication was received by the Board from the people in that vicinity claiming that it was very objectionable and requesting the removal of the same which they voted to do and this expense will have to come from the appropriation for Permanent Streets.

Inventory of the property belonging to the Department of Public Works.

1 R. O. stove, 1 Admiral furnace, 2 roll top desks, 6 office chairs, 1 book case, 1 floor brush, 1 feather duster, 1 broom, 2 thermometers, 1 wooden mallet, 3 tin dippers, 3½ lbs. W. Castile soap, 100 ⅝ H. calks, 100 9-16 H. calks, ½ doz. horse brushes, 5 manure forks, 6 stone forks, 4 stone hammers, 5 stick hammers, 4 stone hammer handles, 25 feet fuse, 11 yoke springs, 2 top malls, 1 2-foot wrench, 2 hand hammers, 3 trowels, 1 hook, 1 pipe wrench, 1 draw shave, 1 square, 4 wagon jacks, 1 wire door mat, 2 dust pans, 1 hand brush, 3 5-gal. paint cans, 1 10-gal. paint cans, 2 oil tanks, 1 cord wood, 1 ton coal, 2 ash cans and sieve, 30 old lanterns, 18 new lanterns, 8½ doz. lantern globes, 1 Admiral furnace and hook, 1 hand ice scraper, 1 hand mop, 1 wooden vice, 1 iron vice, 1 anvil, 25 lbs. 10-d nails, 75 lbs. 30-d nails, 1½ gal. paint, 11 old paint brushes, 1 new seat spring, 1 waste can, 3 axe handles, 4 hand saws, 1 box chain links, 1 box plain, 3 claw hammers, 2 blk. hammers, 2 small monkey wrenches, 1 screw driver, 7 bits, 3 coal chisels, 2 steel punches, 1 bit stalk, 1 branding iron, (small), 2 chisels, 2 iron wedges, 1 oil can, 2 bush scythes, 1 3-foot scythe, 2 scythes, 1 bridge wrench, 7 hand rakes, (wooden) 1 lot stove pipe, 1 set sled shoe patterns, Hooks and

triangle for swing stage, 1 set crossing patterns, 1 kit tools for steam drill, 2 sewer cart harnesses, 4 old collars, 15 feet wire netting, 1 C. basin scoop, 1 timber roll, 10 street broom handles, 2 hand screws, 1 double neck yoke, 1 tool box (carpenters), 100 feet old rope, 1 set sewer rods, 3 ice chisels, 5 logging chains, 1 sewer pump and 2 lengths hose, 2 bags R. salt, 2 paving rammers, 3 cant dogs, 11 crowbars, 50 feet steam drill, 8 feet 1½ in. hand drill, 2 worm gears for road machine, 18 hand augers, 13 sewer pails, 4 set new back straps for lead harnesses, 7 new tail boards, 2 hoisting jacks, L. steam drill and kit, 1 saw, 1 swedge, 1 chain fall, 1 rope fall (old), 2 rope falls (new), 1-3 bu. basket, drum and iron for breast derrick, 2 branding irons, 4 new spreader woods, 3 window awnings, 3 window screens, 1 screen door, 1 S. wrench, 25 plug drills, 2 coal shovels, 15 L. H. shovels, 2 new P. forks, ½ doz. stable brooms, 3 bush whackers, 8 iron rakes, 3 street broom handles, 25 feet garden hose, 3 doz. new snow shovels, 2-3 doz. R. P. shovels, 5-12 doz. con. picks, 27 new yokes, 36 W. trees, 3 stal. St. brooms, 2 prs. old rubber pants, 1 old rubber coat, 3 old rubber hats, 1 sod mall, 2 cross cut saws, 1 keg belt dressing, 5 5-gal. oil cans, 2 timber hooks, 13 hoes, 1 saw horse, 12 old shovels, 1 pounder, 25 wooden horses, 2 C. basin ladders, 1 stage ladder, 400 feet fire hose, (old), 31 picks, 6 S. P. shovels, 2 street brooms, 1 new paving rammer, 75 bags cement, 12 feet 1¼ in. drill, 7 grubhoe, 1 new axe, 2 10-in. ¼ turns, 1 10-in. tee, 18 feet 12-in. sewer pipe, 4 feet 8-in. sewer pipe, 6 feet 20-in. sewer pipe, 1,500 feet pine boards, 300 feet pine sheating, 2 new tool boxes, 3 old tool boxes, 1 2-horse jigger, 1 2-horse hay rack, 1 paving scraper, 1 2-horse sprinkler, 2 road machines (old), 1 steam roller (unfit for use), 1 express wagon, 1 express pung, 1 tool box, (on wheels), 1 harrow, 3 snow scrapers, 1 snow breaker, 1 6-horse stone roller, 1 2-horse stone roller, 1 6-horse snow leveler, 5 wing snow plows, 8 V snow plows, 11 sets double harnesses, 6 single harnesses, 22 horses, 10 double dump sleds, 1 single dump sled, 3 traverse sleds, 1 spreader and yoke, 3 W. trees, 2 hay forks and rigging, 1 set pl. scales, 1 ton coal, 1 step ladder, 1 coal hod, 2 stable pails, 2 tripods, 1 C. basin form, 2 pav. plows, 9-18 C. B. grates, 3 stone drags, 4 wheelbarrows, 1 10-foot ladder, 1 Ex. ladder, 25 gal. bridge paint, 1 snatch block, 13 sweepers carts, 37 cans, 1 2-horse street sweeper, 1 1-horse street

sweeper, 2 sewer carts, 11 double dump carts, 4 single dump carts, 3 single dump carts, 1 blacksmith's forge, 3 dirt scrapers, 14 4-qt. measures, 2 2-qut. measures, 25 R. P. shovels, 4 stable brooms, 3 sets nets, 6 mane brushes, 6 body brushes, 6 curry combs, 3 Prs. pole straps, 2 lead chains, 1 set 6 horse reins, 3 Prs. street blankets, (new), 7 Prs. street blankets (old), 13 halters, 5 sets feed bags, 1 fire extinguisher, 2 tons hay, 2 tons straw, brick stable, ½ ton hay, ¼ ton straw, hook & ladder stable, 5 Prs. rubber boots, 2 new paint brushes, 5 gal. harness oil, 6 boxes harness soap, 1 can polish, 1 rubber diaphragm, 3 rolls toilet paper, ½ doz. cans Cl. lime, 2 Spt. levels, 4 oz. Treasurer's Office,
March 11, 1907.

The Joint Standing Committee on Accounts have examined the accounts of Harry Stetson, City Treasurer, for the financial year ending February 28, 1907, and have carefully compared the several items of the receipts and expendi ures with the entries upon the books of his office and find them properly authorized and correctly stated.

J. E. HEFFERNAN,
W. C. CANNON,

Joint Standing Committee on Accounts.

Report of City Marshal

Lewiston, Me., March 15, 1907.

To the Honorable Mayor and Board of Aldermen:

As required by the ordinances of the city, I submit herewith the business of the Police Department for the year ending February 28, 1907.

Total number of arrests, 793

Intoxications,	539
Assault and battery,	32
Larceny,	32
Liquor nuisance,	4
Insanity,	5
Vagrancy,	15
Assault on officers,	2
Malicious mischief,	2
Breaking and entering and larceny,	4
Search and seizure,	3
Fornication,	12
Street affray,	2
Bench warrant,	1
Attempt to rape,	1
Assault with intent to kill,	1
Assault and robbery,	1
Receiving stolen property,	1
Violating City ordinances,	1
Abduction,	1
Arson,	1
Shooting fire-arms,	1
Conspiracy,	1
Evading fare,	1
Carrying concealed weapon,	1
Highway robbery,	2
Deserters of U S. Army,	2
Held as witness,	1
Disturbance,	1
Beating board bill,	1

U. S. Revenue,	5
Larceny from person,	3
Attempt to break and entry to commit larceny,	1
Common seller,	1
These cases were disposed of as follows:	
Committed to County Jail by order of Court,	353
Paid fine and costs,	170
Paid costs,	45
Taken to Keeley Cure,	1
Mittimus withheld,	15
Discharged by order of Court,	22
Delivered to out of town officers,	16
Suspended during good behavior,	19
Appeal and furnished bonds,	18
Bound over to S. J. Court,	13
Sent to City Farm,	1
Nol prossed,	3
Taken to Insane Hospital,	4
Defaulted,	1
Not prosecuted,	112

The micellaneous business done by the department can be summed up as follows:

Stores and buildings found open,	113
Fires discovered,	13
Fire Alarms rung,	4
Number of calls for Patrol Wagon,	265
Stray children cared for,	65
Stray teams cared for,	55
Value of property recovered,	$583.50
Dangerous places found in streets,	54
Notices served,	477
Electric lights reported out,	15
Intoxicated persons sent home,	112
Disturbances suppressed,	63
Dog shot,	1

The total number of applications for lodging during the year was 187, divided by nationality as follows: Irish, 19; American, 120; French, 27; Scotch, 6; English, 9; Italian, 2; Polish, 1; German, 3.

The roster of the department follows:

City Marshal,—Arsene Cailler;
Deputy Marshal,—Richard F. Leader;
Captain of Night Watch,—John R. Maliar.

Patrolmen:—Charles Crowley, P. J. Hamilton, Edwin Batley, Napoleon Dutil, Richard McGee, Leopold J. Lamontagne, Timothy J. Walsh, William Colwell, Leslie H. Hayward, Patrick F. Minnehan, Marcelin Rançourt, Michael T. Harkins, Edwin F. Fahey, John Shea, James Gauthier, Lewis P. Snow, Wallace W. Tuttle, Luc Peltier, Louis Langelier, Joseph Bourassa, Louis Bourget, John O'Brien, George Wilding, Amedee Gendron, André Beliveau.

Nine members of the Department retire this year: Deputy Marshal Leader and Patrolmen Batley, Hayward, Minnehan, Beliveau, Harkins, Fahey, Snow and Wilding.

The discipline of the department has been excellent. In our city the absence of breaks has been noticable and where the records of our department are compared with those of other cities it can be easily seen that the harmony which has existed in this department for the past twelve months has been fruitful. Officers have co-operated faithfully and have in my judgment succeeded in protecting our city from burglaries and other crimes to a great extent. I need say no more to express my appreciation of the good services rendered the city by its police force during the past year.

My most grateful thanks are expressed to the Committee on Police of the Government for permission extended to construct a padded cell, so called, a great improvement in our Station. Its need had been greatly felt and now its use is most helpful.

Experience has shown us the value of the Gamewell System of Patrol Signals and I would suggest that a box be placed at the corner of Walnut and Bartlett streets. The addtion of this box would make the system yet more efficient and add to the protection given the people.

I concur most heartily with my predecessor in his suggestion as to the choice of Patrol drivers. These men should understand horses as to driving and the care. They should be qualified as regards the taking care of the equipment and as house officers. They are often called on at the Station while the officers are out and they should be able to act with care and good judgment.

During the past year 28 men have composed the

Police Department. I believe that one or more, one at least, should be added. This would permit us to patrol more completely the residential part of the city which, in my opinion, would be greatly appreciated by the residents of Lewiston.

The record for the past year shows that but few special officers were employed, the regular men having been able to do nearly all the police work.

Most efficient service has been rendered by Deputy Marshal Leader and by Captain Maliar. They have responded readily to all emergency calls.

The personal attention given to the department by Mayor Webster has been greatly appreciated by me and has also been of much help.

I will not close this report without expressing my heartfelt thanks to every member of this department for his zeal in responding to all orders and for the efficient aid given me in all circumstances.

Police Matron Mitchell's aid has also been appreciated. Her services when women prisoners were in our custody has been of great help to this Department.

All members of this Department are under obligation to His Honor Judge Adelbert D. Cornish of the Municipal Court and to Clerk of Court Clarence V. Emerson, and his assistant Miss Ida Metcalf, for advice and assistance.

Respectfully submitted,

ARSENE CAILLER, Marshal.

In Board of Mayor and Aldermen, March 18, 1907.

Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.

Read twice under suspension of the rules, and passed in concurrence. M. A. SULLIVAN, Clerk.

Report of Board of Public Works

Lewiston, Me., March 18, 1907.

To the Honorable Mayor and City Council:

The Board of Public Works herewith submits its annual report, also recommendations for the ensuing year.

The following is the personel of the Board:

	Term Expires.
Harry Stetson, chairman,	1907
Wm. E. Webster, Mayor, Ex-Officio,	1907
Warren H. Osgood,	1908
Ernest W. Russell,	1909
Horace Libby,	1910
John Lacroix,	1911
James E. Scott,	1912

Officers

Superintendent,	C. H. Weymouth,
Assistant,	George H. Towle,
Clerk and Time keeper,	Albert G. Foss.

When the Board was organized it was determined that the Superintendent should be elected to serve during the pleasure of the Board and should in turn be given full power in the selection of assistants and help, in other words he is to be entirely independent in the choice of his help and to be held responsible for the results.

The Board, however, while not reserving to itself any power in the selection of assistants and help, expressly stipulated that all such might be at any time discharged by the Board if it saw fit, thus reserving the veto power wherever circumstances seem to warrant its exercise, but waiving all right to embarrass the Superintendent with assistants unsatisfactory to him.

The Department has had to go to considerable expense during the past year in the matter of repairing and rebuilding bridges, and has therefore had to draw upon

its appropriation to an extent which was not anticipated when the appropriations were made.

A large amount of paving has been done the past year; Cedar Street has been paved from Lisbon Street to Lincoln Street, Chestnut Street from Lisbon Street to the Canal bridge. During the year the Lewiston, Brunswick and Bath St. Railway Company applied for and received permission to lay double tracks on Lisbon Street, and as a good part of the paving had to be removed, it was deemed advisable by the Board to relay the whole, between Main and Pine Streets, the Railroad company paying for that part between their rails and eighteen inches on either side.

Pine Street has been macadamized from Horton to Webster Street, a section of Bates Street from Oak to Main Street, and a small piece on Main Street; that part of Park Street between Pine and Chestnut Streets was recoated.

Considerable work has been done in sewering; about six hundred feet of ten inch sewer was put in on Main Street; this was rather an expensive job as there was about sixty feet of ledge and in some places we had to blast four feet, or more, deep.

Two hundred and forty feet on Warren Ave.

One hundred and eighty feet on Sylvan Ave.

One hundred and sixty-two feet on Canal Street.

One hundred and thirty-four feet on Curtis Street.

In regard to recommendations for paving, sewering and other permanent improvements, also a more detailed account of the work done during the past year, we would refer you to the Superintendent's annual report which has been accepted by this Board.

In conclusion we would call the attention of the City Council to the advance in pay given the drivers and laborers during the year, which will make an increase of about three thousand dollars ($3,000.) in running the department.

Respectfully submitted,

BOARD OF PUBLIC WORKS,

By A. G. Foss, Sec'y.

In Board of Mayor and Aldermen, March 18, 1907.

Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

Report of Public Library Trustees

Lewiston, March 1 1907.

To the Honorable City Council of the City of Lewiston:

Gentlemen:—We respectfully submit our third annual report of the financial standing of the Lewiston Public Library, covering receipts and expenditures for the past year ending February 28, 1907, together with the report of the Librarian, which we present for the benefit of all citizens who may be interested in the details of Library work.

Receipts

By annual appropriation,	$5,000.00	
Amount received from State of Maine, being allowance of 10 per cent on City appropriation,	500.00	
		$5,500.00

Expenditures

Salaries of Librarian, assistants and janitor:		
Sarah E. Osgood, Librarian,	$361.35	
Evelyn J. Gilmore, Librarian,	354.17	
Angie E. Tracy, assistant,	500.04	
Mary E. Little, assistant,	440.63	
Fleanor Sands, assistant,	24.64	
Arion C. Pierce, Janitor,	500.04	
		$2,180.87

FUEL

To John N. Wood & Co., coal and fuel,	$193.75	
H. B. Skinner Co., coal,	192.05	
		$385.80

LIGHTING

To Lewiston & Auburn Electric Light Co.,	$330.79	
Lewiston Gas Light Co., gas and supplies,	35.61	
		$366.40

BUILDING AND GROUNDS

To sundry persons for supplies,	$68.36	
J. H. Stetson Co., supplies,	27.60	
Macey & Co., Oak cabinet,	22.50	
J. H. Chase & Co., hardware,	1.90	
Geo. W. Lane, mason work and removing ashes,	20.63	
Geo. B. Haskell, supplies,	6.40	
Spencer J. Steimentz, door holder,	1.95	
T. J. Allen, work on lawn,	14.75	
Henry A. Coombs, painting,	1.70	
G. J. Day, carpenter work,	26.13	
Mary Butler, cleaning,	6.20	
Lizzie Joyce, washing floors and cleaning,	28.60	
		$226.72

BOOKS AND PERIODICALS

To Loring, Short & Harmon,	$990.00	
Great Department Store, books,	46.26	
Herman Goldberger, subscription to books, etc.,	181,41	
G. A. Bridge, binding books and magazines,	106.20	
H. H. Wilson Co., books,	28.50	
American Express Co., express on books,	5.10	
Shoenhoff Book Co., French books,	364.73	
McClure, Phillips Co., books,	36.10	
C. E. Lauriat Co., books,	2.25	
Dodd, Mead & Co., books,	1.62	
T. J. Barnard & Co.,	79.15	
H. M. Sylvester, books,	3.00	
International Text Book Co.,	180.00	
Geo. F. French Co.,	45.80	
Harper Bros.,	11.00	
E. B. Hall,	29.00	
		$2,110.12

LIBRARY SUPPLIES AND MISCELLANEOUS

To Library Bureau, supplies.	46.92	
White & Westall, supplies and stationary.	17.23	
Chandler & Winship, supplies,	16.20	

Lewiston Journal, printing and supplies,	47.66	
New England Tel. & Tel. Co.,	43.40	
Ulric Dionne, stationary,	1.75	
Merrill & Webber, printing,	3.00	
Berry Paper Co., supplies,	1.85	
F. H. Holman, typewriting,	1.50	
Wood, Robinson Co., supplies,	13.65	
G. A. Whitney & Co., hardware,	1.20	
Remington Typewriter Co.,	10.50	
Paid for sprinkling street, Library proportion,	25.00	
		$229.86
		$5,499.77

The following report of Miss Evelyn L. Gilmore, Librarian, who was elected to fill the unexpired term of Miss Osgood, will give the details of the work and fully explain the library work so completely, there is no necessity for many comments from us.

Lewiston, Me., March 11, 1907.

To the Honorable Board of Trustees of the Lewiston Public Library.

Gentlemen:—I beg leave to submit to you herewith the fourth annual report of the Lewiston Public Library for the fiscal year ending February 28, 1907.

GENERAL STATISTICS OF THE LIBRARY

Days of opening,	305
General circulation,	51,263
Largest daily circulation,	424
Smallest daily circulation,	48
Daily average,	169
Percentage of fiction,	.85
Circulation in children's room,	9,862
Percentage of fiction,	.69
Cards issued,	1,435
Non-fiction cards issued,	160

Last accession number,	14,919
Accessions for the past year,	1,532
Gifts,	178
Books purchased,	1,273
Books lost and worn out,	74
Books sent to bindery,	719
Books repaired in library,	4,472
Overdue notices,	1,165

On assuming the position of librarian, September 10, 1906, I found the machinery of the library in excellent condition and everything running smoothly under the care of Miss Tracy and Miss Little.

Little change has been made in the routine, although it has been my aim to simplify and provide all conveniences possible for the attendants at the desk, where economy of time and strength is so needful.

With your permission, I will review in order the different departments of the library, taking up first

THE STACK ROOM

The benefit of the wholesale cleaning inaugurated in the fall was nowhere more apparent than in this part of the building. Everything unnecessary was removed; boxes discarded, books and old newspapers were transferred to other quarters. The collection of French books was placed near the desk, as the former location of these volumes on the open shelves of the reference room exposed them too much to the careless handling of children who did not understand the library restrictions.

An alteration was made in the lighting of the stacks, substituting the electric bulb, with cord attachment, for the fixed light, which was always insufficient, particularly with regard to the lower shelves of the alcoves. The saving of electricty thereby begun is considerable, as it has already more than covered the expense of the new lights; and the assistants say that they would be loath to return to the former system. The janitor has contrived a neat manner of hanging the bulbs out of the way of passers; and we need only a few more of the lights in the upper and lower stack rooms to be well equipped in this respect. At present there are but three bulbs in the upper room and one in the lower.

The book elevator is one of the greatest conveniences

imaginable; but to manage it is beyond the strength of the assistants and it is not always convenient to call for help. If it were possible to adjust the mechanism to run easily it would save much carrying of heavy books; and, as the time is near when the other stack rooms must be used for books in daily demand, some arrangements of the kind seems a real necessity.

With regard to the books in the library, the last accession shows that their number stands at 14,919. 655 volumes are known to have been lost or destroyed—74 during the present year—and this should leave a total of books in the library 14,254. But I have reason to fear that such is not the case. No inventory of the books has been taken since the first few months of their housing in the building, and after almost four years a deficit is a matter of course, particularly in the children's room, where we cannot prevent careless treatment without a much stricter supervision than we are able to exercise. Several times since I have been in the library children have brought in books which they have found lying on the steps or in the vestibule—books often without cards of any description and bearing no evidence of having been registered at all.

The cause of the inventory's omission is patent. It requires two pairs of hands; and there is not one pair at liberty. It takes time; and we have not a moment to spare. But it seems a pity to let the books go, as they are going; and, to my mind, the warning of the inventory should be at least biennial; oftener, if practicable.

There is need of work among the government documents, if they are to be made easy of access to inquirers. I am anxious to make simple subject headings for them, that we may refer to the volumes oftener than is at present possible; but, so far, I have not seen the time when I could begin the task.

THE DESK

Work at the desk, it goes without saying, is the most exacting of library requirements. It means not only the giving out of books and the stamping of cards, but also the suiting of individual tastes, attending to the registration, keeping the account of fines and circulation, discharging returned volumes and putting them in place on the shelves, writing overdue notices and filing multitu-

dinous cards—all of which must be finished before the doors are closed, unless the toil of the day is carried beyond its proper bounds.

The books given out in the Lewiston library upon an ordinary day are close upon two hundred. Twice within a month the Saturday issue has been over four hundred. With this increase in circulation has come, of course, increase of desk work, so that the attendants must surrender other important duties to keep pace with the business in this direction. That they have been able to meet the requirements of the desk is, I think, remarkable; that they have done it often at the expense of health and that they have spent more hours at their work than are stipulated in the bond, is hardly to be wondered at. I am mindful, as I write, of another Maine library, where, with a circulation not more than a third larger than this of Lewiston, the library force numbers seven.

During the fall Miss Shirley White, of Lewiston, spent a month in the library, giving the time to familiarize herself with the system and the methods used at the desk. She proved an apt scholar and was of great assistance, especially as she took much interest in the children and their needs.

The small collection of French books in the library has been read and reread by the French people, who have repeatedly asked if more volumes might be added to what we already have. The Germans also, of whom I am informed there is a considerable number in Lewiston, have asked for books in their language; and there have been two or three calls for Italian books. If departures could be made in this direction, it seems likely that they would meet with appreciation and be most beneficial.

Several Jewish publications have been ordered, but are not yet upon the shelves. A Jewish literary society has been allowed to use a number of historical books, placed for their convenience in the reference room; and it has been a pleasure to encourage these quiet students in their work.

Individuals from Auburn have entered some complaints because they are not allowed to take books from the Lewiston library upon payment of a small fee. This plan, I believe, has been adopted in the Auburn library, so that a resident of Lewiston thus has the advantage over his Auburn acquaintance. In most cases, however, the

Auburn readers secure the books, after all, by borrowing cards from friends. There seems to be no escape from this, although I have recently put in practice a scheme by which a card may be reserved to the exclusive use of the holder, if he so choose.

THE REFERENCE ROOM

This room is not so overcrowded as the other parts of the library; but, thanks to the clubs and literary societies of the city, it is fairly well patronized. We have had considerable trouble here from the vandalism of boys, who have mutilated the books for the sake of the pictures and who purposely put things in disorder.

With respect to this, I would like to emphasize the impossibility of keeping watch over all of the rooms of the library during the "rush hours", when these misdoings take place. It is my intention to keep the young boys and girls out of the reference and reading rooms until they are able to appreciate the privileges there given; but with some the proper age is hard to determine; and it is not an easy task, at best.

THE READING ROOM

In this room we have an honest pride. It is pleasant, as evening draws on, to see the attentive faces of readers crowded about the tables, and to note the quiet and good behaviour which are the rule among the visitors.

This year a number of papers and magazines have been added to those formerly on file; and they are heartily appreciated.

The same difficulty, though to a less extent than in the other rooms, is to be met here in the lawless treatment of the magazines. They are somewhat mutilated, and not infrequently taken from the room; and at times there is need of strict surveillance, when it is not possible to give it.

THE CHILDREN'S ROOM

It is here that the great problems, as well as the real pleasures of the library, are centered.

The children are, for the most part, responsive and well disposed. They are learning to notice suggestions and to ask questions about things which appeal to them,

so that it would be easy to do much for them if there were opportunity either to read or talk in their room. They beg for stories and bits of history; and some of the boys plead the lack of any other place to go if they are reproved for not reading, with the entreaty, "Won't you ask if we mayn't have a room where we can play games?" While it may not be possible to have such a place in the library, the issue is vital; and one cannot help wishing that the city, through some generous friend, might be able to do more for its growing citizens, whose future may depend on what they find within the walls of the library.

One thing is certain; that during much of the day someone must be constantly in the children's room. It is not expedient to leave it for a moment when the hour for school to close has come; and yet, at that same time, students ask for references, the other rooms need supervision, there is somtimes a call for extra help at the desk, and always there are books to be catalogued and accessioned.

The room, to begin with, is not large enough to accommodate the young people who throng into it, and many of them have to be turned away. The others, in the atmosphere of the overcrowded place, unable to endure the drafts from the open windows, soon grow either drowsy or uneasy, and are not altogether to blame if they often become mischievous in consequence.

But the subject which must be noted is that favorite books can seldom be found in the room. The children are naturally careless and no one has time to teach them better ways of handling the books; neither can any one forbid their taking them from the shelves, with the present arrangement of things.. It really seems wasteful to buy new books for them to soil and destroy; yet the new books they must have. Many of the children are too little to read at all and come here to look at the pictures, throwing down the books wherever they happen to be. This, of course, can be prevented only at the price of eternal vigilance and training in proper behaviour in such a place as a library.

Of late, finding that the overworked assistants could not possibly put things to rights after a hard day at the desk, I have been trying to care for this myself, paying some of the boys to help me. This is satisfactory, in a way, because the boys like to help, are very intelligent

about it, and learn more about books than they probably would in any other way in the time given to them. Two of these boys are now so well versed in library economy that they can lend a hand at the desk and are often a great help in the busy time.

The new bulletin boards are a pleasing addition to the room, and, with considerable time spent upon decorating them, are an effective means of reaching the little people. We should be glad to have many contributions in the way of beautifying this part of the building, as one of your number has said, "This is THE room of the library."

GIFTS, ETC.

The records number as gifts 178 books, principally government publications, sent through the kindness of Senator Frye. It is a pleasure to mention also in this connection, the fine photographic likeness of himself, presented to the library by the same generous giver, and hung on the wall of the delivery room last November.

At the suggestion of Senator Frye, Mr. Carnegie has likewise donated a portrait of himself to the library, and this is designed to be a companion piece to the picture of Senator Frye, thus commemorating in a fitting manner the two men to whom the institution owes its existence.

Mr. Edmund Hartley has recently presented three volumes on ethical subjects, by W. G. Jordan.

There are a few words to be said about the general condition of the library. I found everything well ordered, as a result of efficient management in the past; and, unless a great falling off should take place, the Lewiston people may be justly proud of possessing this great power for future good. The city which ably sustains a fine library bears the hall-mark of wisdom for all to see and has much to hope from coming generations of reading men and women.

It is always a privilege to open good books to earnest people; and every day, with its freight of questions and opportunities, discloses new ways of doing so. If a librarian succeeds in making the public feel this, the bond of mutual sympathy is formed; and that is the one end and aim of us all.

Respectfully submitted,

EVELYN L. GILMORE, Librarian.

The resignation of Miss Sarah E. Osgood in the month of August 1906 came unexpectedly, and we were exceedingly fortunate in being able to secure the services of Miss Evelyn L. Gilmore who was very familiar with the library and its needs, by reason of having been with us for nearly a year in the cataloguing of the library. She came to us to assume charge on the 10th of September and has been successful in her efforts to please the reading public, and in maintaining the high standard of efficiency which we have always had in mind. Miss Gilmore has been very courteous to all of the patrons of the library, and is untiring in her efforts to obtain the best possible results with what she has to do with, and it is a source of satisfaction to us that we were able to find one so well fitted for the duties to succeed Miss Osgood.

We have been permitted to add about thirteen hundred new books to our list during the past year, and we are confident of being able to duplicate this for the coming year.

We again invite all lovers of good reading to assist us in securing desirable publications and any information pertaining to new and helpful books will be thankfully received by the Trustees.

Respectfully submitted,

WILLIAM D. PENNELL,
Wm. H. NEWELL,
D .J. CALLAHAN,
WALLACE H. WHITE,
W. E. WEBSTER,
F. X. BELLEAU,
IDA BARKER PACKARD,

Trustees of the Public Library.

Report of Police Matron

Lewiston, Me., Feb. 28, 1907.

To the Honorable Mayor and Board of Aldermen of the City of Lewiston.

Gentlemen:—I herewith submit my ninth annual report for the year ending Feb. 28, 1907. Much of the work performed by the Police Matron is not for the public.

I have reported daily at the Police Station and to the Marshal and Deputy and Clerk of the Overseer of the Poor, when necessary, and have cheerfully and faithfully performed any duties required of me; have tried to help and encourage all female prisoners, persuading many of them to sign a temperance pledge card which I furnished them. I have given several men and women the "Alcohol Cure" and with all WHO WISHED TO BE CURED and lead a better life it has proved a success. I have tried to do all in my power for wayward girls and women, often taking them into my home and caring for them for weeks at my own expense, having nowhere else to send them, even for a night. If we had a Reformatory these persons could be admitted and encouraged to do better, but where can they go when they come out of jail? Into the Lockup the next night, frequently, then back to the jail for a longer term.

I have always endeavored to carry as much cheer and encouragement as possible into sick and cheerless homes, and as many delicacies as my purse and home would permit, and I find it requires very little sometimes to gladden them.

On account of the severity of the winter it has been hard for poor people—especially for those who would suffer rather than call for help from the City, and as we have neither Relief Society nor Associated Charities, or anything to aid such worthy people many suffer who might have help. I know of one such couple who lived three weeks on $4.10. The man able-bodied, but unable to obtain work—the woman unable to work out. Such people come to the Police Matron when they have nothing

to eat, neither wood for fire. I have given such parties money with which to procure these things, taken them where they could get trusted and procured them work and helped them in other ways, often taking provisions from my own home to tide over a short time and find that they take courage and are "all right" in a short time and do not become paupers, of which they have a dread.

Owing to the change of management of the L. B. & B. St. Railway I was unable to do as heretofore for the poor children, but several good people took some children to their country homes during the summer vacation for from one to four weeks and made them very happy.

Through the kindness of the Elks fifteen families were provided with a good Thanksgiving dinner and as many more through the kindness of those who never forget the poor at that time. For nine years one business man has sent me money for Thanksgiving for the poor—one year he being the only one who sent anything.

The Young People of the Bates St. Baptist Church, as is their custom, made thirty-five of the children I selected who would not otherwise have good things to eat, happy at their Church vestry by furnishing them a "Thanksgiving Supper" and each child had a box of dainties to take home for the other members of the family. It was a bright spot in their lives they will never forget.

Christmas was observed by the children by a "Box Festival" held in my office, where, during the week, more than 1200 gifts were given to children, and 340 to grown people, 364 pairs of new mittens were given, 13 pairs being sent for a little girl who had asked for mittens, four pairs of which went to that child's home. (I received mittens from all over the State, the request being seen in the Lewiston Journal, through which I have done most of my soliciting, free of charge.)

During the year I have found homes and boarding places for many children, eleven (11) of whom have been legally adopted and five are waiting homes which I hope to find before my term of office expires. During the nine years of my service 85 children have been legally adopted and I have heard no fault found with any of the homes. Many of them I keep in touch with. Very few of them are in this county—some out of the State.

I have, during the year, written 783 business letters,

most of them after bed-time—often sitting up all night twice a week; Have not made as many calls as formerly (only 350) for want of time; have distributed 17,650 articles of clothing besides many that were not counted; also everything that well-to-do people cast off, even rug-rags, bandages, patchwork, spectacles, etc. Have found employment for hundreds, but have not been able to keep an account, as I would not always know whether they went or not. I have been interested in the Social Settlement and Children's Home—being on the Board of Directors of each, and know they are doing a good and much needed work; have visited the Hospitals and City Farm where I found the inmates happy and praying that the present Superintendent and "Dear Missus" might always stay with them .

In closing I wish to thank Mr. P. J. Cronin, Clerk of the Overseers of the Poor, who has always responded to worthy appeals and has helped me in many ways; also to Superintendent Labranche, who has done errands and trucking, saving me time, and the city expense. To the Honorable Judges Cornish and Newell for many kindnesses rendered myself and others; to Deputy Marshal Leader and many of the officers and others in the City Building who have always been kind and courteous; to the people of the 32 towns who have so generously contributed clothing and kind messages; to the press—the greatest helper of all—through whose columns my wants have been made known to the public, which have always responded; and to hundreds that space will not allow the thanks due.

Respectfully submitted,

ETTA MITCHELL, Police Matron.

In Board of Mayor and Aldermen, March 18, 1907.

Report read, accepted, and ordered placed on file.

ALBERT D. MORNEAU, City Clerk.

In Common Council, March 18, 1907.

Report, read, accepted, and ordered placed on file in concurrence. M. A. SULLIVAN, Clerk.
